A MESSAGE FROM THE HEAD OF COLLEGE

I am delighted to share the HSC results from the Class of 2024.

The Higher School Certificate is the culmination of many years of hard work by students, with the support of their teachers and families. These results reflect the high standard of teaching and learning at the College, which has cultivated a cohort of extraordinary learners.

Of course, we celebrate those who have achieved at the highest level. These achievements include two students appearing on the All-Rounders List, 69 students appearing on the Distinguished Achievers List, and 15 nominations for possible inclusion in HSC Showcase exhibitions. We also celebrate those students who have made significant progress in their learning, regardless of their final mark. Student progress of this nature is not easily identifiable through publicly available data. However, we are just as pleased with what they have achieved.

I am thrilled to see our students perform so well across a broad range of courses, allowing students to follow their passions and prepare themselves for further study and work in a wide range of areas. Almost

all courses had College average marks higher than State averages.

As we reflect on some of the fabulous achievements of our students, it is important to recognise that a William Clarke College education cannot be captured in an examination mark. As our students have developed academic mastery, they have also grown in their character, their maturity, and their ability to face new challenges with confidence and skill. It is my prayer that the Class of 2024 will not only continue to develop their knowledge and skills but will continue to seek out ways that they can serve others with what they have been given.

Well done to the Class of 2024. We pray that God blesses you in the years ahead and look forward to seeing the ways you will impact the world for good, wherever God takes you.

Mr Alex Koch
Head of College

HSC ACHIEVEMENTS

WILLIAM CLARKE
COLLEGE
CHRIST OUR WISDOM

94.9%

of the subjects offered at the College achieved a mean at or above that of the State.

69
